

AMAPCEO

Scent-Free Policy In Effect

To address the health and safety concerns of all those visiting the AMAPCEO office or attending our meetings, including members, staff and visitors, please note that **this office has a scent-free policy.**

This policy covers the entire office suite and all AMAPCEO workspaces, including off-site meetings and conferences.

AMAPCEO asks anyone who enters the office and/or any AMAPCEO workplace to not use scented products. In addition, steps have been taken wherever possible to ensure all materials used for cleaning are scent-free.

We thank you for your consideration and efforts to ensure a comfortable and healthy workplace.

This policy is effective: February 2, 2015
